

The Baby & The Bathwater

The Baby & the Bathwater is an attempt to answer the age-old question, How important is the truth, anyway? Weaving together anecdotal evidence, sarcasm, humor, and amazing intestinal fortitude in the face of cosmicaly daunting obstacles, mr. Prester leaves the reader to presume that the only one capable of answering that question is the individual themself and that ultimately the truth will blow them away with the awareness that the truth is all there is. Everything else is just anecdotal evidence, sarcasm, humor, and amazing intestinal fortitude. Oh yes, and of course there is Fear and its puppies; the Rothschilds, the Windsors, the Rockefellers, and the IRS. It is a firm belief in Fear and its puppies that gave credence to the notion that The Fear Of The Lord is the beginning of all wisdom, no offence. Im not saying theres nothing to be afraid of, Im just saying its no way to live....and its not the truth!
